

Trevor & Joy Jones 1957 Chevrolet Corvette

Our 1959 Chevrolet Corvette C1 has been selected to participate in this years RACV MOTORCLASSICA The Australian International Concourse d'Elegance & Classic Car Show at the Royal Exhibition Building in Melbourne from the 26th to the 28th October, 2012.

This is about the only information and history we have on our Corvette. You may find something interesting from the following.

Our Corvette C1 was purchased by us in February 2011, from Kompact Kar Komer in Washington State. Containered to Queensland. At that time the car only had 75 Miles on the speedo after a partial restoration. Unfortunately we have no other information from the previous owner, as we were told he did not want to divulge any particulars. We do know that it had been in his private collection of Classics but due to the USA financial crisis his collection was sold at auction.

Trevor still had work to do on the Corvette to bring it up to NCRS Standard. The engine, gearbox and differential were removed and inspected, the correct 2 x 4 Carter carburettors were added.
